

REMARKS

DRAWINGS

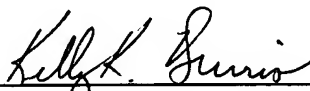

Applicants respectfully request entry of this Amendment to make formal, non-substantive improvements to the drawings. Fig. 2 was missing element 14 from the originally filed, informal drawings and thus this element has been added back in. Also, cross-hatching has been added to indicate appropriate materials for certain elements in Figs. 3, 4, 5A, and 5B. In Figs. 7 and 8, element numbers have been moved off of the geometry to make these figures more clear. Applicants submit that no new matter has been added and respectfully request entry of the replacement sheets of drawings.

CONCLUSION

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (314) 726-7524.

Respectfully submitted,

Dated: 03 MAY 05
